Re: Request For Information Pursuant to Section 104 of CERCLA in relation  
to the former Whitney Barrel Company at the Wells G & H Superfund  
Site in Woburn, MA, (the "Site.")

Dear Ms. Bosworth and Ms. O'Donnell:

This is with regard to a letter from EPA sent to Donald P. Zereski, President, Honeywell, 300 Concord Road, Billerica, MA, dated December 15, 2003, regarding the Site and the letter sent to Ms. O'Donnell by Thomas R. Maher, General Counsel for Bull HN Information Systems Inc., dated December 19, 2003. Mr. Maher forwarded a copy of the EPA letter to me along with a copy of his letter to Ms. O'Donnell.

As stated by Mr. Maher, Bull HN Information Systems Inc. ("Bull HN") was formerly known as Honeywell Bull Inc. and Honeywell Information Systems Inc. It was a subsidiary of Honeywell Inc. from 1970 until March 1987 (Mr. Maher's letter said 1989, in error) when it was divested, and there is no business or management relationship between the two companies. According to Mr. Maher, Donald Zereski, the addressee of the EPA letter, was President of Bull HN beginning in 1996. It is my understanding that 300 Concord Road, Billerica, MA, is the principal U.S. office of Bull HN.

Honeywell International Inc. acquired Honeywell Inc. in December 1999 and Honeywell Inc. was subsequently merged into Honeywell International Inc. (together, "Honeywell").

Honeywell has no responsibility or liability whatsoever for any connection between Bull HN, Honeywell Bull Inc., or Honeywell Information Systems Inc. and the Site.

If you have any questions, please contact me.

Very truly yours,

RE: Request for Information Pursuant to Section 104 CERCLA in relation to  
the former Whitney Barrel Company at the Wells G&H Superfund Site  
in Woburn, Massachusetts herein after referred to as the "Site"

Dear Attorney O'Donnell,

In follow up to our telephone conversation on December 18, and as you requested, I write to clarify several issues surrounding the December 15, 2003 letter and Request for Information covering the above referenced Site, especially since you referred to an "assumption" on the part of the EPA of an "association" between Bull HN Information Systems Inc. and Honeywell Inc., and especially since your EPA December 15, 2003 letter was addressed to Honeywell, while your EPA envelope was addressed to Bull HN.

First, Bull HN Information Systems Inc., a Delaware corporation formed on July 6, 1970, and registered to do business in the Commonwealth of Massachusetts on September 30, 1970, was formerly known as Honeywell Bull Inc. and Honeywell Information Systems Inc., ("Bull HN"). Donald P. Zereski, was President of Bull HN from 1996 to 2001. Mr. Zereski was not an officer of Honeywell Inc., at any time, to the best knowledge of the undersigned.

Secondly, there is presently no ownership or management relationship between Bull HN and Honeywell Inc. Bull HN was a subsidiary of Honeywell Inc. from 1970 through 1989.

I attach information in a Certificate from the Delaware Secretary of State's Office as to Bull HN Corporate formation, name and status.

Prior to 1970, to the best knowledge of the undersigned, Honeywell Inc. conducted operations, owned and leased facilities in the Commonwealth of Massachusetts and, as I understand from our conversation yesterday, Honeywell Inc. is listed on the customer list of Whitney Barrel Company, along with Bull HN, referenced in your Enclosure D - Site Description attached to your December 15, 2003 letter. Again, to the best knowledge of the undersigned, Honeywell Inc. continued to do business and conduct operations after 1970 in the Commonwealth of Massachusetts, but Bull HN is not aware at the present time whether such operations and business involved the above referenced Site.

I understand that you are willing to provide to Bull HN, and to Honeywell Inc., a copy of the Whitney Barrel Company customer list.

As I am certain you are aware, Bull HN is not and cannot be responsible or liable for any alleged acts or omissions to act on the part of Honeywell Inc.

Also, as you requested, the following is the contact information, to the best knowledge of the undersigned, for Honeywell Inc.

Assistant General Counsel  
Honeywell Inc.  
7171 Ohms Lane  
Edina, MN 55439  
Tel: (954) 830-3686

Finally, under the circumstances and timing, I respectfully request an extension of 60 days, namely, to March 17, 2004, in order for Bull HN to reasonably and adequately search available records and information within the Company to reply to the EPA Section 104 CERCLA Request for Information; and in order for Bull HN representatives to reasonably cooperate with the EPA and Honeywell Inc., as necessary and appropriate, to both examine available information and records, and appropriate personnel, for the Period Being Investigated: 1950 to 1985.

Subject: Response to 104E Information Request  
Wells G & H Superfund Site: Whitney Barrel Company, 256 Salem Street, Woburn, MA

Dear Ms. Bosworth:

The enclosed Information Request submittal has been prepared in response to an EPA Request for Information dated December 15, 2003 for the Wells G & H Superfund Site. The Information Request was received on December 17, 2003. As agreed in an EPA email dated January 6, 2004, an extension of time to respond was granted by the EPA to March 17, 2004. This response was limited to the Massachusetts facilities of Bull HN Information Systems Inc. as of August 30, 2001, consistent with the procedures and agreements between Honeywell Inc. and the EPA relating to the Response to the Information Request by Honeywell Inc. dated August 30, 2001, involving the Sutton Brook Disposal Site (Rocco's Landfill) Superfund Site in Tewksbury, MA.

Responses to the requested information are provided in the attachment. In summary, there is no information which indicates that Bull had any dealings directly or indirectly with the Wells G & H Superfund Site or with Whitney Barrel Company.

Sincerely,

Thomas R. Maher

## **Wells G & H Superfund Site Response to Information Request**

It appears that the EPA sent its December 15, 2003 letter and Information Request to "Honeywell", and addressed and mailed it to Bull HN Information Systems Inc., at 300 Concord Road, Billerica, MA on the "assumption" of an "association" between Honeywell and Bull HN. Such association is erroneous, Bull HN respectfully submits. In point of fact, there is no such current association or ownership between Honeywell and Bull HN. Moreover, Honeywell does not currently have a place of business in Billerica, MA

For further information and guidance, please see copies of attached letters:

1. Bull HN to EPA, dated December 19, 2003, and
2. Honeywell to EPA, dated December 23, 2003.
